Who We Are

We are Homeserve Membership Limited. A company registered in England and Wales under company number 02770612 (trading as HomeServe). Our registered office is Cable Drive, Walsall, WS2 7BN.

HomeServe is a trading name of Homeserve Membership Limited. 'we' 'us' 'our' for short in these Terms.

Prices

To provide you with a price, you will need to answer a number of questions to enable us to book an appropriate Job for you. Based on the information you provide, we will book an appointment for a Job with a fixed price or for a fixed time period with an engineer.

We will charge you for your chosen appointment in advance by credit or debit card. Included within your Job price will be a minimum call out fee which is non-refundable. This may vary by the type of Job you have selected. The remainder of your Job price is refundable if the repair is not completed. We only accept payment using the following cards: Mastercard, Visa and Visa debit.

The price we quote to you will be valid for 28 days from the date on which we provide it to you.

Your Job

When will we do the work?

- We will start the Job on the time and date agreed with you when you booked the appointment. If you request to cancel your Job on the same day as the appointment date then you will still be charged the non-refundable call out fee.
- There may be circumstances outside of our control that prevent us from starting the Job at the agreed

time or keeping to the estimated timescale. If this happens, we will attempt to contact you as soon as possible to let you know and rearrange the appointment.

The parts we use

- Where we replace parts, these will be HomeServe approved standard alternatives. We will try and get parts from our approved suppliers. The parts we use will provide similar functionality but not necessarily be identical, the same make and model or the same type of fitting.
- Our engineer may be able to fit alternative parts supplied by you, however these parts will not be guaranteed by us. You must ensure that you have these in your possession in advance of your appointment and they must comply with British Standards and regulations. Our engineer will not fit parts supplied by you where the Job relates to the gas supply, boiler and central heating system.

Preparation for our arrival or where a Job cannot be completed

- Please make sure that our engineers have clear access to where the Job is required at the Property (e.g. any drains and manhole covers, and a supply of mains electricity and water).
- If we cannot get access (e.g. scaffolding is required) we won't be able to start or complete the Job and you will still be charged the non-refundable call out fee. You may be responsible for any extra costs to us for any additional work as a result.
- If the engineer identifies any potential health and safety risk e.g. hazardous chemicals, asbestos or pest infestations, we won't be able to start the Job and we do not provide remedial solutions. You will be responsible for providing a remediation solution independently.
- If the Job is not possible because it is different to that described when booking (or parts and materials are not available, we will not be able to carry out the Job and you will need to request a new quotation.
- In all circumstances listed above, you will still be responsible for the non-refundable call out fee.

Where additional work is required

- When our engineer arrives at your Property, upon initial assessment they may find out that more work is required than your fixed cost price or the fixed appointment time. The engineer will discuss the options you have in these circumstances. We will agree to any additional costs with you and provide you with an updated or additional quote before starting any work. Payment will be required in advance of the Job starting.
- If our engineer is unable to complete the Job in the same visit, a follow up appointment will need to be booked. This may be on a different day, depending on parts and diary availability.
- Any further quote for a Job will be valid for 28 days.

Job Guarantee

We guarantee materials or parts which we provided and our workmanship for a period of 12 months from the date the Job was carried out.

We will guarantee any additional work carried out, or additional materials provided by us, but only until the date that is 12 months from the original appointment. This does not affect your rights under Consumer Protection laws.

Our guarantee is subject to the following:

- Where the Job involves a blocked drain, a boiler service or the flushing of a central heating system, the 12-month labour and parts guarantee is not applicable. So, if you have any further blockages or problems with your boiler, system flushing or pest infestations you'll need to pay for a new Job and appointment.
- We will not remedy any problems with materials or parts supplied by us where they have been purposely or accidentally damaged. Nor will we remedy any problems where it relates to materials or parts you have provided.

These are carefully selected to make sure they provide a great level of service. Our HomeServe approved engineers carry photo I.D. so that you can be sure you are dealing with a HomeServe approved engineer.
